Fraud/Scam Awareness

We have recently become aware of an attempted scam in which people are receiving telephone calls from someone spoofing the Kanza Health Clinic phone number (580-362-1039). The caller is representing themselves as an agent of the Kanza Health Clinic and is soliciting credit card payment to bring their account current.

Please be aware that this call is not being made by Kanza Health Clinic. Additionally, the Kanza Health Clinic will never contact you via telephone and ask for your credit card number. If you receive a call that you believe is suspicious please contact the Kanza Health Clinic directly to verify the authenticity of the call. You can also reach Kaw Tribal Police at 580-767-9424.

Respectfully,
