

TERRY SUE PEPPER
TRIBAL COUNCIL MEMBER #3
KAW NATION

HaWe', My name is Terry Sue Pepper. My Great Grandfather was Jim Pepper. My Grandfather was Ralph Pepper and my Father was Alfred Pepper. My Father met my Mother Sue Bivens (Chickasaw) when they attended Haskell Institute in Lawrence Kansas.

I have been your Tribal Council Secretary for the last four years. I have enjoyed representing the Kaw Nation at Tribal Council meetings, General Council meetings as well as your Representative as an Alternate Regional Vice-President of the National Congress of American Indians (NCAI). I have worked on many committees at the National level such as our Sovereign Immunity Panel as well as the Farm Bill. I would like to continue working for the Kaw Nation as a Tribal Council Member for the next four years. The Tribal Council needs experienced candidates to allow for continuity; someone with historical knowledge of what the Tribal Council has been able to accomplish in the last four years. Your Tribal Council works very hard and only has the best interest of the Kaw Nation in their hearts. One thing I am passionate about is insuring the success of our youth. I would like to see more for education and culture as I see both things working as one. Our Youth should be able to grow both in mind and spirit.

I would really appreciate being able to continue serving the Kaw Nation as I have felt the change in my spiritual well-being the last four years.

Please vote for Terry Sue Pepper for Tribal Council Member #3 in September.

Wiblahah,
